HOT WORKS: YOUR ART. OUR PASSION.™

Our passion is to help you be successful selling your artwork – because at Hot Works, your success is our success. We emphasize quality of work, not quantity of artists. All art is original and personally handmade by the artist in attendance. We support the unique relationship between artist and patron; we inspire and encourage serious art shoppers to purchase your art.

Hot Works’ principal partner Patty Narozny has 30+ years of event and media experience. Her longevity in the event industry, combined with her expertise, credibility, durability, integrity, tenacity and stability makes Hot Works events not only profitable for those who participate, but gratifying for all – the community, the artists, the sponsors, and the patrons.

WHY DO A HOT WORKS SHOW?

- 30+ years of professional event production and media experience
- A promoter who personally knows, cares about, and supports the artists
- Focus is visual arts, juried by art professionals
- Every effort to eliminate buy/sell/import/production – we encourage artists to report it, and your name is held in complete confidence
- Each event is tailored to its community and setting
- Friday move-in for all shows!
- Great event hours: Saturday & Sunday 10am-5pm (Orchard Lake is Saturday until 6pm)
- Enormous advertising campaign – TV, radio, print, digital marketing, posters, banners, postcards, signage, etc. – specifically targeted to reach an art-buying, cultured patron with money to spend
- Several shows to choose from throughout the year - dealing with one organization
- Professionally managed
- Friendly and experienced professional event crew
- Artist amenities including, complimentary bottled water & booth sitters
- Overnight security provided
- Plenty of parking
- Overnight parking available for RV’s
- $250 Youth Art Competition awards

TESTIMONIALS

Sabra Richards, Sculpture, Worton, MD
“What makes a good show? Sales certainly count. Patty is a media expert and uses all her knowledge to get great publicity and bring in the crowds. She wants a good show and is willing to provide every advantage she can, prior day set up, aggressive policing of buy-sell, fair jurying and numerous awards that help sales. I want to do her shows because she is on my side.”

Gail Markiewicz, Clay, Woodbridge, CT
“Patty, who produces the Hot Works shows, juries in the best artists from around the country, she runs an art show of “pure talent”. Her dedication to the arts is evident, when you come to her shows! Her shows are wonderful and professional, as well as she is personally.”

Sally Bright, Sculpture, Fenton, MI (Retired)
“What do you expect of a show director? Two actions are most important, I believe: The use of lots of targeted marketing and keeping buy/sell and other fraudulent exhibitors out of art and fine craft shows. Patty Narozny of Hotworks.org is a master of marketing. She even lists all of the advertising for each show on her website for you to see. Take a look here.
Patty is relentless when it comes to keeping buy/sell and other fraud out of her shows. From her application forms to her artist communications to in-person conversations with artists at shows, she constantly asks to be informed of any fraudulent exhibitors. Patty advertises the fact that all exhibitors in her shows are the makers of the work shown. She works hard to keep her shows pure. Additionally, she is one of the absolute top tier of directors when it comes to having the artist’s back. She does whatever it takes to bring you a qualified audience of buyers. It’s up to you to make the sales as she does everything possible to help you succeed.”

Frank Borelli, Fiber, Portage, IN
“Patty, not only are you a great promoter and conscientious about the quality of your exhibitors, but you are truly a nice person.”
The Media
With 30+ years of media & event experience, we know how to reach out to the community, and to people with the means and appreciation to purchase fine art. For all Hot Works events, advertising and promotion includes broadcast television, print, radio and digital marketing partnerships including Google Ads, YouTube, Facebook and Instagram. In addition, there are street banners, posters, and postcards hung and distributed within the communities.

The Jury / Submitting Artwork
A jury of art professionals who are familiar with art shows is retained for the selection process. Jury selection is based on originality, execution and overall booth presentation. Artist applications are accepted electronically via www.zapplication.org or manually at www.hotworks.org. Please include three images of your most compelling work and one of your booth presentation. We will send you an email confirming receipt of your application. Your jury payment is due with the application.

After jurying has been completed, we will send you notification of your acceptance, rejection, or wait-list status. Upon acceptance, your booth fee will be due. Artists will be assigned a designated booth space; artists booth numbers will be available on www.hotworks.org, one week prior to the show or sooner. Artists chosen as alternates will be put on a waiting list. The decision of the judges is final. We invite you to check-in with us at any time, with any questions, for any reason.

Institute for the Arts & Education is the 501c3 non-profit arm of all Hot Works events. IA&E's focus is visual arts, cultural diversity, community enrichment and fostering art education among youth. IA&E works hard to keep the buy/sell/import/production out of Hot Works events. IA&E educates the community through ongoing art demonstrations by artists at the shows. This interaction between professional artists and the community is an invaluable experience for everyone. Most importantly,

Youth ArtBudding Artist Competition Youth Art Awards
A critical component of IA&E is encouraging young artists from surrounding areas to enter his/her original and personally handmade art that is publicly displayed within Hot Works events. Invitations for the Youth Art/Budding Artist Competition are sent to numerous local grades K-2 programs. At the shows on Sunday at 3pm, there $250 in youth art awards presented as students begin to learn the rules of and are exposed to the entrepreneurship opportunity of doing something they love for a living, which is creating their art. This program brings families to the art show who may not have otherwise attended. It is a positive experience for all those involved.

Rules

• Art must be original and handcrafted by the artist, in the booth, at the show. Individuals selling work that is not their own or otherwise misrepresenting their work or themselves are not welcome and are requested to refrain from applying. No manufactured items are to be displayed or sold. Artists found not to be in compliance will be asked to remove the unacceptable items, and risk closure of their booth for the rest of the show with no refund of the booth fee or any other fee(s) associated with the show. The person in the booth must be the person who made the work. If more than one person is employed in making the work, you must state so on the application and describe the contribution each person makes in executing the work and/or the finished piece.

• Artists must be present during the entire show and must personally staff their booths. A government issued picture ID must be available at check-in, upon request.

• Collaborative work is when two or more artists work together in the creation of their artwork and should be submitted as a joint application. If accepted, collaborating artists may only exhibit work that is truly collaborative and in which all or both artists must contribute a substantial portion of the execution of the final artwork. Supportive and ancillary activities (such as matting and framing) are not considered part of a collaborative effort. Repeated activities that can be performed with minimal training, education, and supervision, and which make little to no difference in the outcome (such as merely applying a wash to a canvas as part of the preparation of the canvas to be painted) are also not considered collaborative.

No infringement into public areas, and into the spaces of other artists, is permitted. There can be no booth appendages in any direction, including upward. The only exceptions are protruding 2’ behind your booth for storage is permitted or you may display an awning, and only if it does not interfere with an emergency vehicle that may have to drive down an aisle.

• You are liable for any damage caused as a result of a protruding piece from your booth either from the ground or from the top of your structure. Booth height at the show must be the same as booth height in booth slide submitted for application.

• No sharing booths unless all artists are represented in juried images.

• Generators labeled for outdoor use are permitted in all outdoor shows, but they must be placed a minimum of 20’ away from any tent structure, and only if they do not disturb anyone else, for whatever reason. If you bring a generator, you must also have a fire extinguisher in your booth at all times. Please let us know if you are bringing a generator. Artists expecting to bring generators must, in their applications, disclose equipment description and where you expect to place the generator. Hot Works retains the right to refuse such requests, if, in our opinion, it will be disruptive and/or generate complaints from others. Inverters and/or batteries are much better for the shows.

• Prints and reproductions are accepted when clearly labeled and limited to 30% or less of work displayed.

• Photography, digital, or giclée art prints must be limited editions of 250 or less, signed and numbered, and printed on archival quality materials.

• We define “Photography” as the art or process of producing images by the formation of an image on a light sensitive surface or by an acceptable digital printing process. If applying in the “Digital” category, digital art prints must be made from the artist’s original digital file.

• Each artist must provide enough work to exhibit and sell during the entire time of the art show. Artists who break down or leave early before closing time on any day of the event will not be permitted to return the following day or to future Hot Works shows unless proof of an emergency is provided.

• Artist check-in packages are emailed approximately one week before the show. Please advise if you would like event posters or postcards mailed to you.

• Mailing lists are encouraged for all shows. If you do not have a mailing list, it is recommended that you start one in each city you do an event.

• Booth appearance at the show must reasonably resemble booth slide submitted at jury, showing all three sides of the booth. Recognizing that it is the artistic experience that we explore and move on to new and different directions, whether or not there was misrepresentation with any part of the application remains the sole decision of the director. There are no refunds of any kind should the artist be asked to remove part or all of his/her display, and the artist shall have no recourse. Such decisions are not made lightly but are always made in the best interest of the show’s reputation and integrity, and the reputation and integrity of the art show industry.

• For fiber/bead artists: if the beading is sophisticated sewing and art in itself, it will be considered for acceptance into Hot Works events; otherwise Hot Works frowns upon “beaders” that merely string their work, which refers to buying the beads and sewing it on a string. Hot Works will individually consider such applications, but our decision is final.

• Displays must remain within assigned space. When setting up your booth, please be sure your tent/booth is lined up with the front of the other tents/booths in that aisle, with no protruding items in the front of your tent or booth.
• Booth assignments are at the sole discretion of the event and are not interchangeable. Hot Works will accept and do its best to honor special location requests but cannot make any guarantees. Corner spaces are available for purchase and are assigned solely on availability and discretion of the event. Booth assignments and map of event will be available on the website a minimum of one week prior to the show.

• For logistic purposes, artists with trailers that need to be driven onto the event site, must notify size of trailer 3 weeks prior to show.

• Heavier duty tents such as the Light Dome Canopy or Show-Off Canopy are used by most professional artists. The umbrella-type, expandable canopy by any manufacturer or distributor is not recommended, as they are the first to come down on a windy day. If you must use the umbrella-type expandable tent, as with all tents, a minimum of 50 pounds of weight on each corner is required. In addition, if there is rain, the weight of the ponding water on top of a canopy tent can potentially collapse it. Bolstering the inside corners will make the canvas tighter and avoid ponding on top of the tent. Swim noodles or hula hoops (you can purchase these from the $1 store) placed in corners between frame and canvas top can avoid ponding. At night, canopy tents must be lowered to withstand overnight bad weather. Please advise in your application if you use an umbrella-type pop-up canopy.

• Paintings or other art are not permitted to be displayed on the ground, unless it as shown in your booth image submitted with your application and approved by the event.

• Artist banners made out of vinyl are not permitted. Other banners approved individually basis.

• Hot Works will inspect booths on-site to ensure rules and standards are adhered.

• Sales Tax must be collected and remitted.
  • Florida sales tax is 6.0%; call State of Florida at 800-352-3671 or obtain the sales tax form online at http://dor.myflorida.com/dor/taxes/sales_tax.html
  • Michigan sales tax is 6.0%; call State of Michigan at 517-636-4660 or obtain the sales tax form online at http://www.michigan.gov/documents/2771f_2901_7.pdf

Checklist
— Complete all required information on the application and by the deadline.
— Jury fee waived only for previous years’ event winners in that event. Add $25 for late applications.
— Please provide three electronic images of your most compelling work, plus one of your booth as you would set up at the show (include browse bins, if any). Size 1920x1920, or minimum 300 dpi.
— Upon your acceptance into the show, booth payment is due approximately 60 days prior to the event for which you have applied.
— You may include an Artist Statement explaining the process and materials used in your work, as well as your reproduction process. Please also indicate a list of any recent awards and honors.
— Please make checks payable to “Hot Works, LLC”.
